

LAST EARTH DISTRO

EST. 1973

Last Earth Distro is a distribution company loosely affiliated with several Pacific Northwest Independent booksellers, publishers, and organizations. Our story began in 2005 when the respected Northwest radical publisher Loompanics Unlimited closed their doors after 30+ years, and we acquired much of their inventory. But our roots run three decades deep in underground books, and we have formed a rogue entity, Last Earth Distro, to better serve the needs of our audiences in Cascadia and our customers across the globe.

Although you may not agree with some of the subject matter we offer, rest assured that you're supporting a good organization. We value

individual rights and freedoms, we champion the environment and Earth's remaining natural resources, and we believe in homegrown food, politics, and principles. We represent an extended community of activists across the spectrum: parents, teachers, craftspeople, blue-collar workers, students, republican farm wives, and small dogs. Our proceeds fuel our future endeavors, put locally grown and organic food in our children's tummies, and fight for common causes in our communities. We try to support local communities wherever we travel, and we hope you'll consider supporting ours.

Sincerely, Last Earth Distro

FREE AMERICA

BY BOLTON HALL

From the far reaches of the human mind, come these tales of unrestrained, anti-authoritarianism. No government, no leaders, no authority, no rules, and complete freedom of action! Egoism, solipsism, anarchism, and other heresies -- now revealed to corrupt your mind!

SAID THE SHOTGUN TO THE HEAD

BY SAUL WILLIAMS

Zack de la Rocha Said the Shotgun to the Head is an invitation to live and die in the moment, a confrontation of the politics of empire, a dare to transform oneself in the face of fear and a post 9-11 love song all in one.

THE BOONDOCKS:
*Because I know
You Don't Read the
Newspaper*

BY AARON MCGRUDER

Centered around the experiences of two young African-American boys, Huey and Riley, who move from inner-city Chicago to the suburbs (or the "boondocks" to them), the strip fuses hip-hop sensibilities with Japanese anime-style drawings and a candid discussion of race.

strange bedfellows

This is the first book ever published to explain how to capture that most dangerous animal: man. Based on Ragnar's own mantrapping experiences while on special assignments in Asia, Africa, North and South America and Cuba, this gut-wrenching book covers such mantraps as the Malaysian Hawk, the Andes Mountain Trail Trap, the Sheepeater's Rock Fall and the Cuban Water Trap. To know how to trap your enemy is to know how to avoid being trapped yourself.

RESISTANCE BEHIND BARS: *The Struggles of Incarcerated Women*

BY VICTORIA LAW

In 1974, women imprisoned at New York's maximum-security prison at Bedford Hills staged what is known as the August Rebellion. Protesting the brutal beating of a fellow prisoner, the women fought off guards, holding seven of them hostage, and took over sections of the prison. While many have heard of the 1971 Attica prison uprising, the August Rebellion remains relatively unknown even in activist circles. Resistance Behind Bars is determined to challenge and change such oversights.

Did you ever look at the person with the bullwhip on the movie screen, whether it was *Indiana Jones*, *Zorro*, *Catwoman*, or *Lash LaRue*, and think, "Hmmm, I wonder if I could do that?" Or maybe you are one of the people in the circus audience looking at the man or woman cracking the whip, not at the lion. If either of these scenarios describes you, then you are exactly the person for whom *The New Bullwhip Book* was written.
